[Music: De Feis/Pursino, lyrics: De Feis]

Ooh we've lost our way...  
And now the world slips away...  
And shadows fall all around...

Ooh do you see the sun it burns for me  
Ooh do you know I'll never let you go  
Ooh feel the night, it burns, it yearns, it writhes  
Ooh hear the screams as secrets come alive

Ooh you are mine, I possess your flesh unkind  
A union of power, your love I will devour  
Your hunger gnaws, it grips you in it's claws  
Like a raving dog you howl and whine for more

[Chorus:]

Ride the wind tonight, see the angels fall  
Ride the wind tonight, see the angels fall  
It burns for you,  
It burns for you,  
It burns for you...

Ooh do you see the skies are here for me  
Ooh do you know from whence this hunger grows  
Look in my eyes you'll feel the fever rise  
Dance on a knife, I might just take your life!

[Chorus]

Ooh do you hear the shouting in your ear  
Ooh do you know ignorance does grow  
When love turns to hate it's such an evil fate  
Oh don't you wait, go the hours late

[Chorus]
