[MUSIC BY DAVID DEFEIS & EDWARD PURSINO]

[ORESTES' SPIRIT:]

Fire and Water, victims change
Seasons learning, nothing's gained
Now the time has come... Apparition waiting
Before the Hours of Doom approaching lies...
In these Hallowed Halls Sanctuary reach me
Before the Hour of Doom's approaching Lights...

[ATHENA:]

And the Dark Gods awaken into the Sun
And Their Darkness is frozen fortunate one
They will not heal, they now will follow
The Sacred Light and Sound!

[ATHENA:]

Angry now but you are not beaten down
Whispered Wind the Verdict leaves him un-bound
In the flowing course of Time a greater Honour for thee
Will be found on the Shores of my Country
Power surge echoes down from the Sky
Raise your fist, cultivate Noble Lives
Clothe Them now in garments dyed
Matching Gold of the Sky
Bold enough to sleep where They lie

[ATHENA & CAST:]

Rise up rise again after the RING OF FIRE
You'll see Them recover Their Honour and Grace
Rise up ride the Wind this is the End of Violence
Believe in the Sunlight on this Chosen Night

[ORESTES:]

I'm returning slowly to the ground (It's RESURRECTION
DAY)
Returning slowly to the ground!

[All:]

Rise up rise again after the Reign of Terror
The Skies are proclaiming the City is Blest
Rise up ride the Wind after the RING OF FIRE

The Moment of Never on this Frozen Night.
The Curse Walks among you.

Rise up rise again after the Reign of Terror
You'll see Them recover the Garden of Life
Rise up ride the Wind after the RING OF FIRE
The Bond of the Goddess Guards this Chosen Night

Rise up ride the Wind after the RING OF FIRE
The Skies are proclaiming the City is Blest
Rise up ride the Wind after the Reign of Terror
With Fortune inside us on this Dawn of Night

[Citizens of Athens:]

We're Alive the Gods arrive, the Cracks of Doom roll by
Steer the course that Pallas walks don't let the Violence
fall

Under the Spell of Darkness or Light

We are proven now Fortune rides on Our Side.

Descend to Paradise it's narrow, Virgin Bright - Endless
Night

[Erynes:]

Guide the Rings of the Sun, now We are All Forms in
One !!!

[All:]

Victory in the Sunlight of Union Above and Below

[Athena:]

Sacrosanct Lords of the Skies, Revere the Queen of
Remorse

Wielding the Signs of Grace, the Signs of Faith

And Their Darkness Aligns with Your Rays !!!

[All:]

Victory, in the Sunlight of Union We Stand !!!

[Orestes' Spirit & Cast:]

I'm returning slowly to the ground (It's Resurrection
Day)

Returning slowly to the ground !

To the Ground !!!
