Got a cheese sandwich on the hunnid spoke  
Pork rinds and a soda pop  
I told a cop I'd beat it, lost  
At 3 a.m., they told up "stop"  
We got it real real, to the top  
A G like 30 feet away from the county line  
The weed flyin, the golden smilin  
Wip it nice an then they sign  
Man, fuck  
How denyin' my damn luck,  
This ain't no find if we get stuck I'm doin time  
Don't get messy with the Prezzy  
A quarter pound ain't worth the rizzly  
Drunk as hell, then hurl the fifth  
Back an forth we swerve and dip  
Pumpkin pie  
Bust a cop  
I'll be damned, they took my crop  
Shook 'em wit that lead foot an hit about a hunid fi  
(105)  
Miles per hour  
In the country wit the pudin, good an chunky  
40 acre, mule an donkey, hell with that, just get the  
money  
Got to be that early bird  
To grind an get what I deserve  
Quick to burn an an can't mesquite it  
Lord I need it fore the third  
Serve anybody? Hell naw, got to be for sure  
Standin on the standard curb  
Days begin to bend an blurred

Homegrown bacon  
Yeah, I'm havin the wage  
Tendency of a 50 hit, when its about gettin payed  
Came along with a ragin theif hidin under the shade  
An momma won't quit buggin me about my heathenish  
ways  
Now I've wasted more tears then my mouth cold beer  
Gotta be a Man on these rolls, overcomin my fears  
Body too quick to gaze, with they head on bob

Get dee, life is foul but the dirt is hard, yeah! (hustla)

Chorus:

If you play the cards you delt, then you stuggle, got to  
put in work (hustla)

And I got to be the early bird to grind and get what I  
deserve (hustla)

If you play the cards you delt, then you stuggle, got to  
put in work (hustla)

And I got to be the early bird to grind and get what I  
deserve (hustla)

Aint no tenth, 35%

Dent in my hub caps, sticks in my dove sacks, fifth till I  
cuts that

Look, my baby husband got to eat some mo

Dough is what Im reachin fo

Money low, need some mo

Hustlin these streets alone

Now everyday I work, 75

A&R tellin me lies

Fore I die, wanna drive big bodies wit bubbla die

Now peep the otha side, ova them hills

Rich dude that own them mills

Tha candy sto is open for sale

These junkies gone smoke it to death

Money, hos, clothes, auto-mobiles, gold grills

no scrill, no deal, fifth weel, big grill

wood grain sturnweel, weigh it up, be still

lay it on the fish scales

I'm assed out in the back seat of the Pont-i-ac

Got a cup full of Con-i-ac

Quarter out of hunny sacks

Tell me get my money back

Still broke, feel like I ain't got shit to live fo

So much to kill fo

C'mon, this niggas transition, ain't no use in sittin  
round wishin

But my hands ichin, poppa need a new transmition

Get my grind on, hustle that bustle to make my grip in  
any time zone

Bundle that bubble, lets make it split

We buy: peices, ounces, keys, weed, Xs, Zs

nigga, please, anything you ask fo, we got what you  
need

To these college degrees we applyin to streets, cause  
I'm a (hustla)

Chorus:

If you play the cards you delt, then you stuggle, got to  
put in work (hustla)  
And I got to be the early bird to grind and get what I  
deserve (hustla)  
If you play the cards you delt, then you stuggle, got to  
put in work (hustla)  
And I got to be the early bird to grind and get what I  
deserve (hustla)

I pause and refine a mighty floss, et cetera  
For life in a ballance, of it

If I don't crush it then Imma bust the 9
