Please don't cry, oh my  
You're so blue  
But I'm here to help you,  
Beautiful you.

You need someone to  
Give you a love that's true  
Well, I'm here to help you,  
Beautiful you.

Beautiful you  
You'll need a man someday  
Beautiful you  
You know I'm here to stay.

The days go by, oh my  
What will you do  
Take me to help you  
Beautiful you.

Beautiful you  
I'll never let you go  
Beautiful you  
Our love will always grow.

Please don't cry, oh my  
What will you do  
Take me to help you  
Beautiful you...
