I hear a rooster crowin'
It's a frosty mornin'
I can almost see the sign
Goin' so fast I can't stop
I'm just a stones-throw from Little Rock
Headin' for that Missouri line.

Don't need a map to get there
You can get there from anywhere
When you're goin' in your head
I can see the arms outreachin'
Just like the day I was leavin'
It's been oh, so many years.

Let me get on the Frisco Silver Dollar Line
Take my time
And see all I can see
Fiddler rosin up your bow
We'll have our own
Ozark Mountain Jubilee.

If I can't be a favorite son
I'll be the prodigal one
'Cause I've been gone too long
Oh how the years have flown by
Oh how I've realized
How much of me is gone.

Let me get on the Frisco Silver Dollar Line
Take my time
And see all I can see
Fiddler rosin up your bow
We'll have our own
Ozark Mountain Jubilee...
