I think I should go
And leave you alone
Stop this game
And hang up the phone...and more

I should go into the night alone
And get inside of the cyclone
It's like I wanted to break my bones
You can't turn me...
And if I stay...I'm number two... anyway!

Like a bullet you can hurt me
Take me, break me
Like fire you can burn me
Convert me
Like a bullet you can hurt me

You say there are so many things
Going on in your life now
It's so very hard to find time for me
And you say...

Do you believe in the destiny?
This is the way it was meant to be
I gotta leave to make you see
You don't earn me...
And if I stay...I'm number two...anyway!

Like a bullet you can hurt me
Take me, break me
Like fire you can burn me
You can't turn me
Like a bullet you can hurt me

I can't believe it when my friends say
Take it easy don't you worry about the rainy days
Like fire you can burn me
You don't earn me

Like a bullet you can hurt me
Maybe I'm blind

Forever young
Don't get me wrong
I don't belong here...
Like fire you can burn me...
Like a bullet you can hurt me
