I feel like I'm stoned, I wanna be alone, just for a while
you known
weeks on the road a long way from home, just shut of
the phone
and you say I'll heal you I'll always be yours
and you say I'll kill you if I do something wrong

Still feels like the first time
to stand here by your side
together regardless
we'll walk through the darkness
still feels like the first day of my life

Remember the times, together we swore to never give
up this fait
still hanging on, still going strong, here I belong
and maybe I'm crazy and lost in my head
Maybe I'm lasy and least I'm still around, yeah, yeah

Still feels like the first time
to stand here by your side
together regardless
we'll walk through the darkness
still feels like the first day of my life oh ohh

Still feels like the first time
to stand here by your side
together regardless
we'll walk through the darkness
still feels like the first day of my life oh, oh
