is there anybody who can help me sing?

don't let me down I refuse to believe  
that you're outdated by your friends  
so you don't wanna make anyone feel  
sorry for the girl who survives in the world  
this time is not the same thing  
cause we're not gonna leave the room  
before you talk  
just open your mouth and let the words come out  
'n say goodbye to the devils inside you  
I got myself to this mess 'cos I love you  
ain't gonna give (it) up 'cos I love you so

did you have bad day yesterday, OK  
you never complain 'n you never say no  
never say yes yes yoo  
you stand the pain like a man  
and see what's inside you  
just like me and every move that you make  
what do you say I think  
we've got something to talk about  
I got myself in this mess 'cos I love you  
I ain't gonna give it up 'cos I love you so

when I thought it was me who's having a rough time  
I don't feel bad when I see you  
everybody goes down once in a while  
gives everything up yo be good

just open you mouth 'n let the words come out  
'n say goodbye yo the devils inside you  
I got myself in this mess 'cos I love you  
I ain't gonna give (it) up 'cos I love you so
