I see you try to avoid me  
You ain't so friendly  
Cold like ice I can see what that means

Let me explain why first I haven't been around  
I'll let you know why I haven't seen you everyday  
I've been busy with the band if you know what that means

I heard you're talking things about me  
Building barrigates around me  
So real friendship wasn't real at all it seems

And if it's so that you're talking shit behind my back  
I'll let you know I can fight back in the cruelest way  
For I'm asking for peace if you know what that means

Say it again if you want to depress me  
(Say it again, na na na na)  
Say it again go ahead I feel nothing  
Say it again if you want to depress me  
(Say it again, na na na na)  
Say it again go ahead I feel nothing

Wanna say something to me?  
Come 'n' say something to me  
What is wrong with you may I ask?

And if it's so that you're talking shit behind my back  
I'll let you know I can fight back in the cruelest way  
For I'm asking for peace if you know what that means

Say it again if you want to depress me  
(Say it again, na na na na)  
Say it again go ahead I feel nothing  
Say it again if you want to depress me  
(Say it again, na na na na)  
Say it again go ahead I feel nothing

repeat chorus...
