Stopped and left the car
The last thing I can recall
A raging wave of light
Vaporized all this life

And we ran into the field
Incapable to breathe

Rest in peace it's all over now
It's the end of salvation
Memories in the photographs
Of the last generation
Of the last generation

I've seen this in my dream
A petrified family
Pointing hands at me
Victims of the tragedy

Dust replaced their souls
Hearts turned into stone

Rest in peace it's all over now
It's the end of salvation
Memories in the photographs
Of the last generation
Of the last generation

Dust replaced their souls
Minds turned into stone

Rest in peace is all over now
It's the end of salvation
Memories in the photographs
Of the last generation
Of the last generation

Rest in peace is all over now
It's the end of salvation
Memories in the photographs
Of the last generation

Of the last generation
