Behind those eyes lies the truth and grief  
Behind those beautiful smiles I've seen tragedy  
The fallen skin hides the secrets within  
The silent forces that secretly ignite your sins

Fly away, fly away  
From the darkened blade  
They haunt you  
Lucifer's Angels  
You never lived, you never died  
Your life has been denied  
They call you  
Lucifer's Angel

Beyond these clouds you can hide all your tears  
Beyond this world you'll be safe from their wicked  
fears  
And in their hearts they fear your demand  
You know their minds won't accept you, they'll never  
understand

Fly away, fly away  
From the darkened blade  
They haunt you  
Lucifer's Angels  
You never lived, you never died  
Your life has been denied  
They call you  
Lucifer's Angel

On your own I know you can make it  
You'll go far? I know you can shake it  
Survive alone I know you can take it

Fly away, fly away  
From the darkened blade  
They haunt you  
Lucifer's Angels  
You never lived, you never died  
Your life has been denied  
They call you

Lucifer's Angel

Fly away, fly away  
Run away, run away  
Hide away, hide away  
Lucifer's Angel
