I have always been different I like to be
But every time they've got something to say to me
One day I had to be, I made a different me
But got trouble next day I went school you see
Two big fellows with don't much about like me
Pulled me into the gates where I don't want to be
In other words no one to like me there
Sometimes I really care

I can't be myself
I can't be myself
I can't be myself
I can't be myself

The one day I didn't meet the chosen one
I took a gun party's just begun
Inside of me, there still lives a part of me
It pulled me back to the earth where I belong to be
I get along well with this feeling in my mind
If I should say something, I would say nothing cause I'll
Kiss my only friend, what I've got ever had
But still I can't

I can't be myself
I can't be myself
I can't be myself
I can't be myself

I'm coming the way I wanna be
Nobody wanna talk with me no
I'm coming the way I wanna be
I'm coming the way I wanna be
Nobody wanna talk with me no
I'm coming the way I wanna be

Why do they have to be, or let my feelings free?
Take a look at me, the way I want to be
I made decisions and my feelings came from inside
I took a drug ride, I felt part of me died
My life turned from that good to that very bad
There were only me, my pipe and those drugs I had

One day I just will be, I'm gonna be real me
I think I cannot be

I can't be myself
I can't be myself
I can't be myself
I can't be myself

I'm coming the way I wanna be
Nobody wanna talk with me no
I'm coming the way I wanna be
I'm
