yeah yeah yeah x2

As you might know my father is a rich man,  
his father was, I'm gonna be a rich man too, so yeah!  
Right now my job is to have fun,  
but whatever I want, just be with my girl, it's such fun,  
you know.

I guess you don't 'cos your daddy ain't driving a rolls  
royce,  
n' your family ain't famous after all.  
I flush my money down the toilet, if it is the best choice.  
Nothing is my problem see...  
I don't have to pay my bills, right?  
I don't have to get a job.  
I don't have to train my skills, right?  
'cos I will never be poor.

What would you do, if you had my money?  
You wouldn't go to school, you wouldn't get a job, like  
me.  
You'd just hang around.  
You would go partys where all rich people meet,  
where the people are having fun, yeah such fun,  
you know.  
I guess you don't 'cos your daddy ain't driving a rolls  
royce,  
n' your family ain't famous after all.  
I flush my money down the toilet, if it is the best choice.  
Nothing is my problem see...  
I don't have to pay my bills, right?  
I don't have to get a job.  
I don't have to train my skills, right?  
'cos I will never be poor.

I don't have to pay my bills, right?  
I don't have to get a job.  
I don't have to train my skills, right?  
'cos I will never be poor. x2
