(c) 2003

No more, no less I've wanted

I never asked anymore

Too much confusion circles

Block the thoughts, shut out the light

Leading me to forever

So many turnings in the road

Never wanted, never needed

There must be more than this

Drag me under

Lead me to my home

This will be my end

Drag me under (drag me)

Lead me to my home (lead me)

This will be my end (it's all wrong)

Now that the smoke is clearing

Begin to see what I did wrong

Turmoil is never ending

All their lies were out of sight

I'm feeling so betrayed

Question the world because of you

Never questioned, always believed it

There must be more than this

Drag me under

Lead me to my home

This will be my end

Drag me under (drag me)

Lead me to my home (lead me)

This will be my end (it's all wrong)

Never want me

Fail like this

Show me how I'll

Make one wish

Never want me

Fail like this

Show me how I'll

Make one wish

Keep tryin' to turn the corner

I'm blinkered by deceit

Familiar faces

Breed familiar lies

Searching for a way to

Express my inner self

Hell bent on self destruction

Drag me under

Lead me to my home

This will be my end
Drag me under (drag me)
Lead me to my home (lead me)
This will be my end (it's all wrong)
They've tried to break me
To f*** my life
They'll never take me
I've tried so f***in' hard
Keep tryin' to find a way
Out of this s*** I'm in
These past few years of torment
There must be more than this
