Miracle after miracle  
I can't count the times You under girded me  
You loosed the chains and removed the shame  
You kept my mind from hurting

Lord, I thank You, Lord, I thank You  
Lord, I thank You, Lord, I thank You  
For You are worthy to be praised  
I magnify Your name

Lord, I lift my hands, I bless Your name  
I look back and see where You brought me from  
Through the good and bad You remain the same  
I praise Your name

So many tears fall just hearing Your name  
My Lord and Savior, my God and King  
How I love Your name, it's the sweetest name I know  
Lord, I lift my hands to Thee

Lord, I lift my hands, I bless Your name  
I look back and see where You brought me from  
Through the good and bad You remain the same  
I praise Your name

Lord, I lift my hands, I bless Your name  
I look back and see where You bought me from  
Lord, I bow down to worship You  
Lord, I magnify Your name

Lord, I magnify Your name  
Lord, I magnify Your name  
Lord, I magnify Your name
