Feels like I spent forever waiting for this love
The kind you search your lifetime for & place none
above
(I'm) So glad that you've decided to stay here with me
(I) Have no intentions on letting go you see,
Nobody understands me like you do
(I almost can't believe)
The way you look at me & see me
(It feels good, its funny)
However I'll never be ashamed to be
(myself, you never make me)
Feel I got something to prove
Theres nothing trivial 'bout you

Nothing ever mattered to me
(until the day you walked in)
Into my life, setting me free
(yes, I believe)
Its all apart of destiny
(that you and I met)
And have been together ever since
(Yes, I believe)
I'm so elated to know I have you
With you I'll make it through
(whatever comes my way)
And when life get's crazy
I know you got me
Just Like I got you (ooh)
(hear me when I say)

Now I feel so gone I think it's almost crazy
That I'm lost in a sea of feelings and to be (so)
Caught up in you my mind stays on you I (don't)
Really care it's alright it don't phase me 'cause there's
no (one)

Nobody understands me like you do
(I almost can't believe)
The way you look at me & see me
(It feels good, its funny)
However I'll never be ashamed to be
(myself, you never make me)

Feel I got something to prove
Theres nothing trivial 'bout you

Nothing ever mattered to me
(until the day you walked in)
Into my life, setting me free
(yes, I believe)
Its all apart of destiny
(that you and I met)
And have been together ever since
(Yes, I believe)
I'm so elated to know I have you
With you I'll make it through
(whatever comes my way)
And when life get's crazy
I know you got me
Just Like I got you (ooh)

'Cause that's love, yes, thats love.
