Bitter, bitter, what's your name?
You see, I see so much of you anymore
You're the same

Stuff it all in and you shout it all out
Bitter, bitter, bitter
You make it all dim and parade it about
Bitter, bitter, bitter

Bitter, bitter is your name
Pity, pity what's your game?
You see, I see so much of you anymore
You're a pain

Stuff it all in and you shout it all out
Pity, pity, pity
You make it all dim and parade it about
Pity, pity, pity

Bicker, bicker, what's your name?
You see, I see so much of you anymore

You stuff it all in and you shout it all out
Bicker, bicker, bicker
You make it all dim and parade it about
Bicker, bicker, bicker

Bitter, bitter is your name
Bitter, bitter is your name
