Miss the boat
And you will find you're on the shore
Miss the point
And you will find you're very sure

Bliss is, bliss is unaware
Until the shot rings out
And you will find it's just a lie, lie, lie

Hit the switch
And you will find it on the screen
Hit remotes
And you will find you're entertained

Bliss is, bliss is unaware
While you laugh to death
You'll find it hits you pleasantly

Miss the boat
And you will find you're on the shore
Miss the point
And you will find you're very sure

Miss the boat
And you will find you're on the shore
Miss the point
And you will think you're very sure

Bliss is, bliss is unaware
Until the shot rings out
And you will find it's just a lie, lie, lie
