

Ocean Blue, The "Ways & Means"

Visit "[Ways & Means](#)" on MotoLyrics.com

Settin' out from the shore
Settin' out for the things that haunt you
Leavin' daily behind
Leavin' all that corrupts the sublime

Waves are beatin' your brow
Testin' out all the ways, the know how
Checkin' out the degrees
Mappin' out all we know we will seize

The things that haunt you now
You'd better beware
The ways and means collect
And leave you dry

Settin' out for the stars
And my ship is a dyin' Pequod
Prisoner of the mind
Mr. Melville, Mr. Melville

The things that haunt you now
You'd better beware
The ways and means collect
And leave you dry

The things that haunt you now
You'd better beware
The ways and means collect
And leave you dry
