No time at all
Let's go

Life's going faster I run out of time
If I can't see clearly then I might lose me mind
There's nothing to do and there's nothing to say
And sometimes I fell like I get in the way

For you don't like me and I don't like you
I need to figure out just what to do
Denied, deprived, a fucking war in my head
The clock keeps on ticking until we are dead

There's no time at all
There's no time at all
You better act fast now
'Cause you're gonna fall

Alright

Life's going faster I run out of time
If I can't see clearly then I might lose me mind
There's nothing to do and there's nothing to say
And sometimes I fell like I get in the way

For you don't like me and I fucking hate you
I need to figure out just what to do
Denied, deprived, a fucking war in my head
The clock keeps on ticking until we are dead

There's no time at all
There's no time at all
You better act fast now
'Cause you're gonna fall

There's no time at all
There's no time at all
You better act fast now
'Cause you're gonna fall
