I am a freespirit & I have fun!  
I was born in a funny little schlosserei  
between two big vorschlaghÄmmers  
& I'm happy to be what I am  
from the evening, till the morning dÄmmers  
the grossstadtjungle is my big brass bed  
& that's alright with me  
& I'm happy to be what I am  
rÄndful 'till obenhin with ecstasy  
ein bisschen freedom is all what we need  
love & peace for jedermann & frau  
bread for brÄders & ein schÄnes lied  
we want love & peace & zwar now  
ladies & gentleman  
please let me introduce  
the wildlife trommels  
played by the groovelord  
"martin"  
ein bisschen freedom is all what we need  
love & peace for jedermann & frau  
bread for brÄders & ein schÄnes lied  
we want love & peace & zwar now  
now it's time to say goodbye  
& we hope we see you soon  
wenn es denn wieder heisst:  
I am a freespirit & I have fun!
