Hey let's go I'll only say this once
You'll never see what this could be
Cause I'm not looking back now
You say you feel but you just don't show
In time you'll see you've no hold on me
And I'm fine without you

Standing on my own
I've been waiting here alone
Cause I'm always waiting
This life's frustrating
Standing on my own

You won't get back all that you could have had

Another day who is next inline
For you to hurt just a matter of time
But I'm not looking back now
I'm on my way to a new place that
You'll never reach cause you just can't see
That I'm fine without you

Standing on my own
I've been waiting here alone
Cause I'm always waiting
This life's frustrating
Standing on my own

You won't get back all that you could have had

Standing on my own
I've been waiting here alone
Cause I'm always waiting
This life's frustrating
Standing on my own

Cause I'm always waiting
This life's frustrating
Standing on my own

You won't get back all that you could have had
