Odame - Get on the Patch

I never once  
Though this is the way I'd like to feel  
Call it what you will  
But I'm not depressed anymore  
There's something I had to accept  
That all of life is like this  
And it \*\*\*\*\*ing sucks  
I break my heart  
The things I can't do but want to  
I hate to hurt you  
But I don't hate myself enough  
To change these things  
I'm so damn hopeless  
And it \*\*\*\*\*ing sucks  
Just one more  
And Then it's over  
That's what tell myself at beginning of every day  
But then comes the next and I am crying  
It \*\*\*\*\*ing sucks
