Sometimes I ask myself, "Is this the life I want to have?"

Are you still satisfied with the situation

That you've had for many years now?

Time is movin' on your childhood is gone

But you don't realize that the game it isn't won

Blind you think that you're safe at home

But the fall is near if you carry on

18 years of freedom - where have they gone?

Try to understand - you must search to take and give  
before you're old

You must learn - you must learn to live your life, just on  
your own

Break out the change is drawing near

Decisions to stop, to turn and stare

Solutions my thoughts are getting clear

I'm leaving and I no longer care

Spread my wings and fly among the clouds,

I feel so free, I've left the world behind

Now I know what I have missed

I'll never give it back, my life's just begun

One chance....

Throw it all away, I'm not ever gonna be the same  
again

Throw it all away, I'm not ever gonna be the same  
again

Throw it all away, I'm not ever gonna be the same  
again

Throw it all away, I'm not ever gonna be the same  
again

Throw it all away, I'm not satisfied at all

Take it all away!

Take it all away!

Take it all away!

Mother!

Mother!

Take it all away!

Throw it all away, I'm not satisfied at all

Throw it all away, I'm not ever gonna be the same  
again

Throw it all away, I'm not ever gonna be the same  
again
