Somewhere in the desert of the void

Beyond the wall

We're the last survivors

We're the ones who'll never fall

Men inside the circle leave the night!

Darkness all around us

Not a single beam of light

All we have is our faith

Waiting for the fight

The time has come to break the outer wall

Grab your heart I'll show you the way

Hold you head up high

High above at the edge of the world

We're searching for glory and peace

When the time has come, you will see

Our return to the land of the free

Men inside the circle

Tell me what you feel and see

Delusions of reality

The mirror of your dreams

Hold you ground

And I'll show you the way
Now hold your head up high
High above at the edge of the world
We're searching for glory and peace
When the time has come, you will see
Our return to the land of the free
And when the cracks appear upon the wall
We know the moments here to see it fall
and as the sunlight appears again in our sky
no wall, no more, no more will darken our life
High above at the edge of the world
We're searching for glory and peace
When the time has come, you will see
Our return to the land of the free
Now I must go
I'll wait for you to follow
No turning back
But there's a light
I've seen it all
Riding through never fall
When all is done
We must be one
I will return
The saviour is calling
He's riding through the night

The only, the holy
Returning from the light
We fall to the ground and we pray
'Cause he's the only one
No demons left in this world
Since he has won
Oh hear what I say...
All men come
To see the king of the world
The time has come for everyone
The saviour stands for all of us
Now praise the one who'll destroy
The evil abyss of the void
His armour
Still shining
Though it's torn from fight
The brave man, redeemer
He brought us back to life
Oh yes he did
Now fall to the ground and pray
'Cause he will come
No demons left in this world
Since he has won
Now, listen to what I say...
All men come
To see the land of the free

The time has come for everyone
The saviour stands for all of us
Now praise the one who'll destroy
The evil abyss of the void
His armour, still shining
Though it's torn from fight
The brave man, he battled
On through the night
His eyes they were gleaming like fire
And he's prepared he's the one
The young man
He raises his head
Up to the land
In the sun
Wherever my spirit may fly
Up to this heavenly fight
I know
That I will return from a mission
Beyond our skies - now
The saviour is calling
He's riding through the night
The only, the holy
Returning from the light
We fall to the ground and we pray
'Cause he's the only one

No demons left in this world

Since he has won

Oh hear what I say...

All men come

To see the king of the world

The time has come for everyone

The saviour stands for all of us

Now praise the one who'll destroy

The evil abyss of the void
