I have come from so far away  
From the sunlight of my home  
And I have seen it's the only way  
Now my sun is dead and gone  
I raise my head in silent anger  
Seems there is no place for me  
The only way out is to go  
Where no one's gone before  
Fly - Beyond the gates of space and time  
Another universe is mine  
And I can't wait until tomorrow  
Ride - There's a call from deep within  
No I won't return again  
'Cause I will dive into the black hole  
Don't wait for me, 'cause I won't come back  
Oh don't wait for me, no I won't come back  
Oh don't wait for me, no I won't come back  
Oh, oh, oh ...  
Thunder and lightning and fire  
Are guiding the trip of my life  
Insatiable burning desire

As into the unknown I dive  
I raise my head in silent anger  
Seems there is no place for me  
The only way out is to go  
Where no one's gone before  
Fly - Beyond the gates of space and time  
Another universe is mine  
And I can't wait until tomorrow  
Ride - There is a call from deep within  
I know I won't return again  
'Cause I will dive into the black hole  
Don't wait for me, 'cause I won't come back  
Oh don't wait for me, no I won't come back  
Oh don't wait for me, no I won't come back  
Oh, oh, oh, don't wait  
There was a trigger, for my decision  
It's right behind my eyes  
Into the darkness of my vision  
I let my spirit rise  
I wanna see the black hole, into the dark  
I wanna dive into the black hole, down into the dark  
Into the black hole, into the dark  
Into the spiral, Into the dark, the dark, the dark  
If there's a possible chance for something that can be  
Called future behind the spiral

The only way to find out, is to leave the final frontier  
To eternity and fly  
I will fly - Beyond the gates of space and time  
I leave the universe behind  
And I can't wait until tomorrow  
Fly - Beyond the gates of space and time  
I know the universe is mine  
'Cause I will dive into the black hole  
Ride - And there's a call from deep within  
I know I won't return again  
'Cause I will dive into the black hole  
Don't wait for me, 'cause I won't come back  
Oh don't wait for me, no I won't come back  
Oh don't wait for me, no I won't come back  
Oh, oh, oh, don't wait
