Did you ever want to worry

Did you ever wanna have a doubt?

You wanted the best for me,

Somehow things went wrong.

And it tore us apart.

Did you ever think it was so easy,

Thought my time was running out

Tried it how I wanted to

Though you did not agree

But I was calling for you

But I was calling for you

Calling!

Calling!

Calling!

Father, you can't hide, it's time to lose the pride - some day.

Take a look and see, I'm blue as I can be.

In former days you made your own way,

You found on easy way of life.

But I'll be never satisfied to work from nine till five.

I'm heading for more-

I remember what you've said
But I know I won't regret
When I try to break the rules
I'm searching for my way, my own way
Father, you can't hide your feelings deep inside - oh no
There's a better way for you and me today.
I can't stand it anymore - it's only you and me,
We have to talk and see.
How things are gonna be, but all I want is peace
Father, Father, Father -
Father, now it's time, we ain't losin' our minds any more
It seems so long ago, fate will bring us hope
