On the edge of the rainbow  
Where eagles learn to fly  
All of our dreams, they seemed so clear  
Into the morning  
Into the light of dawn  
We're flying higher than before  
And when I see the light  
that's shining from your eyes  
Even brighter than before  
We're riding the wind  
to reach the golden dawn  
We have done it all before  
Here I stand  
Call on you again  
But my heart is filled with fear  
Like an eternal flame  
Our love will remain  
As we sail the lake of tears  
Sometimes I wonder  
You're so close but you're so far  
Seems life will never be the same

Sigh for the morning  
To find the light of day  
Dream of fortune fades away  
Here I stand  
Call on you again  
But my heart is filled with fear  
Like an eternal flame  
Our love will remain  
As we sail the lake of tears  
Here I stand  
Call on you again  
But my heart is filled with fear  
Like an eternal flame  
Our love will remain  
As we sail the lake...  
Here I stand  
Call on you again  
But my heart is filled with fear  
All the tears that I've cried  
For the love of my life  
As I sailed the lake of tears  
Like an eternal flame  
Our love will remain  
As we sail the lake of tears
