Voices are calling from somewhere bellow

melting on the eastern shore

Rain is falling down on me,

been waiting for eternity...

I'll be there!

Freedom for us all!

And I wonder why, why my heart still yearns

and I wonder why, why the earth still turns

and I wonder why, why the sky turns black

Still I wonder why, but there is no turning back

For all eternity, for all the world to see

we're riding high across the wind

and when the storm begins, to wash away all sins

we'll find a place where we'll begin

There's something wrong with the world today,

only the people that are fighting for...

...a better place in the world today,

they don't believe that they gone too far,

...they're falling down.

By moonlight there's a way... for rebellion

here, the world has gone astray... revolution

Now, the time has come to pray... hallelujah  
deep, inside our minds we wait... for rebellion  
Here in dreamland we will not obey the masters  
... and the earth still turns but I'm on my way,  
he is on the way, as my heart still yearns  
... I'm on my way, now he is on the way,  
and I cry for more

Yes I'm on my way, now he is on the way,  
gonna find the secret wall

I have seen the secret dreams

of those who know eternity

and makes me feel like a shadow sneaking in

In my sleep I'm searching for a way to find  
the open door leading me to where it all begins

There's nothing wrong with the world today...

By moonlight there's a way... for rebellion

here, the world has gone astray... revolution

Now, the time has come to pray... hallelujah

deep, inside our minds we wait... for rebellion

Here in dreamland we will not obey the masters

SOLO: Kai

Now I'm riding through the air

going to where no one dares

on the way I'll cross the line forevermore.

For once in life, I do not care

nothing matters, now I dare

On the ride I'll cross the line

forever to be free

Have no fear, Rebellion is here
