We're getting closer to the final phase  
You better do what you can  
No you won't stand the chance to win the race  
You better leave 'cause I'm the man  
I know you think you nearly got it made

I think you life in a daydream  
There's no way out  
I'm gonna give you a nightmare  
You'll get a lesson that you'll never forget

You're turn is over,  
You're turn is over now! Ha ha ha!  
You're turn is over,  
You're turn is over now! Ha ha ha!

Think I better keep an eye on you  
And on every move you make  
Cause you're a motherfucking liar  
And everyone knows you're fake!  
And I don't give a shit of what you say

You find yourself in the dead end, there's no way out  
Poor pitiful you!  
You'll get a lesson you'll never forget!

You're turn is over,  
You're turn is over now! Ha ha ha!  
You're turn is over,  
You're turn is over now! Ha ha ha!

I'm feeling free - you can't stop me  
You can't hold me - I'm so restless  
So you think you can escape your fate  
Let me tell you, sucker it's too late  
So I know you gonna make my day

So you think you can save your ass, but you're gonna  
get it screwed!  
Take a look at yourself, you're nothing more than a  
little fool

It doesn't matter what you say, it doesn't matter  
anyway  
You haven't got a single clue  
Your turn is over and I'm through with you!

I say hey, hey, hey your turn is over now -  
listen now, listen now, listen  
I say hey, hey, hey your turn is over now -  
you gotta take it as a matter of fact!  
I say hey, hey, hey your turn is over now -  
geh doch kacken du Penner!  
I say hey, hey, hey your turn is over now -  
ha ha ha
