Ooh hoo! (2 x)

I

Just got hit by lightning again

And she went right through me

Pick me up

Off my back replace my skin

Woman

Get your dirty mind outta my head

Yeah

I never knew how good

I never knew how good it could be

chorus

All over the world

She's that kind of girl

there's one in every scene

Do you know what I mean

She's got that kind of face

You see in every place

Another beautiful girl

All over the world

end of chorus

Ooh hoo! (2 x)

Once again

Ask the devil how's he's been

And my angel asked me

Why do you always have to give in

So I told them

You never know what day it is

until it's Saturday night

Get your dirty mind outta my head

Yeah

I never knew how good

I never knew how good it could be

chorus

All over the world

She's that kind of girl

There's one in every scene

Do you know what I mean

She's got that kind of face

You see in every place

Another beautiful girl

All over the world

end of chorus

Yeah (2 x)

Ooh hoo!

I finally got it right

She knew what I was thinking

I always knew how good it could be

Stay tonight

Ooh hoo!

Stay tonight

I always knew how good it could be

Stay tonight

Woman

I always knew how good it could be

All over the world

She's that kind of girl

There's one in every scene

Do you know what I mean?

She's got that kind of face

You see in every place

Another beautiful girl

All over the world (2 x
