I just got hit by lightning again
And she went right through me
Pick me up
Off my back replace my skin
Woman get your dirty mind outta my head
Yeah
I never knew how good
I never knew how good it could be
All over the world
She's that kind of girl
There's one in every scene
Do you know what I mean
She's got that kind of face
You see in every place
Another beautiful girl
All over the world
Ooo hoo
Ooo hoo
Once again
Ask the devil how he's been
And my angel asked me

Why do you always have to give in

So I told them

You never know what day it is

Until it's Saturday night

Get your dirty mind outta my head

Yeah

I never knew how good

I never knew how good it could be

All over the world

She's that kind of girl

There's one in every scene

Do you know what I mean

She's got that kind of face

You see in every place

Another beautiful girl

All over the world

Ooo hoo

Ooo hoo

I finally got it right

She knew what I was thinking

I always knew how good it could be

Stay tonight

Ooo hoo

Stay tonight

I always knew how good it could be

Stay tonight

Woman I always knew how good it could be

All over the world

She's that kind of girl

There's one in every scene

Do you know what I mean

She's got that kind of face

You see in every place

Another beautiful girl

All over the world

All over the world
