Every morning there's a halo hanging from the
corner of my girlfriend's four post bed.
I know it's not mine but I'll see if I can use
it for the weekend
or a one night stand
Couldn't understand how to work it out.
Once again as predicted left my broken heart open
and you ripped it out something's got me reeling
stop me from believing
turn me around again
said that we can do it
you know I want to do it again
sugarezay
every morning
every morning when I wake up
Shut the door baby, don't say a word
she always rights the wrong
she always rights x2/ shut the door baby x2
every morning there's a heartache hanging from the
corner of my girlfriend's four post bed
I know it's not mine and I know she thinks she loves

me but I can never believe what she's said
something so deceiving when you start believing
turn me around again
said we couldn't do it
you know I want to do it again
every morning x2
when I wake up
Shut the door baby, don't say a word
every morning x2
every morning shut the door baby x2
she always rights the wrong for me, baby
she always rights the wrong for me
Every morning there's a halo hanging from the
corner of my girlfriends four post bed
I know it's not mine but I'll see if I can use
it for the weekend or a one night stand
shut the door baby don't say a word
every morning x2
when I wake up
shut the door baby, don't say a word
every morning (repeat to fade
