Live and direct!

we can go out..

love's what we be about

love's what we be about

we can go out on the weekend cause the weekend is
free (it's getting good)

we can go off on the deep end if you're thinking of me

we can make it on your old mans money

never make it on mine

we can make it through the week when you're believing
in me

you're the one that said to me that we don't regret
anymore

we don't regret anymore

love's what we be about

love's what we be about

we can get out on the weekend everybody can see

we can drive off the deep end if you depend on me

we can make it. you can make it

never make it on time

loose your mind on the weekend off the deep end with
me

hey sit down put your money on the ground cause it's

gonna be a tragedy x2

you're the one that said to me that we don't regret
anymore

we don't regret anymore

love's what we be about

love's what we be about

get it up

gonna be a tragedy

over here over there

love's what we be about

(KRS- ONE rap) we can go out
