Sometimes I just want to be left alone
move your big head
it's my way go and get your own
I don't care about the things you do x4
all my friends can't relate
no time off to hesitate
feel my head touch my face
two steps back you're in my space
you want more
impossible to satiate
got the high score
forgot to put the letter H
I don't know about the things you do x2
I don't know about the things you know
about the things I know about the things you do
all my friends can't relate
no time off to hesitate
feel my head touch my face
two steps back you're in my space
and now let's think of how we met
all the illegal pictures on the net

remember how we taught you well
and that your playground is the gates of hell
I don't know about the things you do x4
all my friends can't relate
no time off to hesitate
feel my head touch my face
two steps back you're in my space
will you see
touching me
can you see!
I don't know about the things you do
I don't care about the things you do
I don't care about the things you do
I don't care about I don't care about
all my friends can't relate
no time off to hesitate
feel my head touch my face
two steps back you're in my space
personal space invader x2
strange how you find out later
