Stop, cause your by yourself come on, your someone  
else

no time for another line, nonstop, around the clock

right, born beyond attention, point yourself in the right  
direction

everybody knows somebody who's nobody

won't ya help him out

everybody knows somebody who's nobody

won't ya help him out

you want to talk

yeah then out the end come on

we didn't know where we'd talk and talk and talk

some of these sign have got to be attention

point yourself in the right direction

everybody knows somebody who's nobody

won't ya help him out

everybody knows somebody who's nobody

won't ya help him out

someone said get outta here come on

we gotta move it out

no time do what ya can come on, we gotta work it out

slow down thing and once again no way

I'm not driving with Lynne

stop push ejection, point yourself in the right direction

everybody knows somebody who's a nobody

won't ya help him out

everybody knows somebody who's nobody

won't ya help him out/ point yourself in the right  
direction x3

do it now
