The Greatest [x2]

I must have been away too long, I don't think I can take it

well this thing that's going on, theres no way I can fake it

you see my day-to-day thing, well let me tell you about the latest

you see my day-to-day thing, in the story of the greatest

it's been a while since its happened to me now [x2]

don't you feel good [x2]

gotta

get to where I am, and don't you try to understand

are we seeing eye to eye, I'm believing all the lies

you see my day-to-day thing, well let me tell you about the latest

you see my day-to-day thing, in the story of the greatest

its been a while since its happened to me now [x2]

dont you feel good, thats how you feel when you feel alright [x4]
