"When It's Over"

When it's over, that's the time I fall in love again.
When it's over, that's the time you're in my heart again.
And when you go, go, go, go, I know it never ends; it never ends.

All things that I used to say, all words that got in the way,
All things that I used to know have gone out the window.
All things that she used to bring, all songs that she used to sing,
All her favorite TV shows have gone out the window.

In missing you, I never knew how much you loved me.
I'm missing you, I never knew how much you meant to me; I need you.
And when you go, go, go, go, I know it never ends; it never ends.

All things that I used to say, all words that got in the way,
All things that I used to know have gone out the window.
All things that she used to bring, all songs that she used to sing,
All her favorite TV shows have gone out the window.

I'm wishing youâ€¦you never said you were pretending.
I'm wishing youâ€¦you'd feel the same and just come back to me; I need you.
And when you go, go, go, go, I know it never ends; it never ends.

When it's over, can I still come over?
When it's over, is it really over?

When it's over, that's the time I fall in love again.

All things that I used to say, all words that got in the way,
All things that I used to know have gone out the

window.
All things that she used to bring, all songs that she used to sing,
All her favorite TV shows have gone out the window.

All things that I used to say, all words that got in the way,
All things that I used to know have gone out the window.
All things that she used to bring, all songs that she used to sing,
All her favorite TV shows have gone out the window.

All things that I used to say, all words that got in the way,
All things that I used to know have gone out the window
