Get up! Get up! Get up! (Yeah!)

Get up! Get up! Get up! (Get up!)

She sings these words to me

She sings these words to me

I look at you

And try to do

The best I can

But sometimes

It ain't that easy

If not today, she said

Then tell me when

I think I tried to say I'm sorry

Then she said these words of reverence

Please don't leave me hanging on and on

I see the light in your window

Look at the sky and we can go away

Get up! Get up! Get up!

And I'm gonna

Pick you up and take you where I wanna

Get up! Get up! Get up!

And I'm gonna

Pick you up and take you where I wanna

La la la la la la

She sings these words to me

She sings these words to me

Baby

The summer sun

Is warm and you

Are everywhere

But sometimes

It ain't that easy

I count the days till I see you again

You know I tried and I am sorry

One night can make a difference

Please don't leave me hanging on and on

I see the light in your window

Look at the sky and we can go away

Get up! Get up! Get up!

And I'm gonna

Pick you up and take you where I wanna

Get up! Get up! Get up!

And I'm gonna

Pick you up and take you where I wanna

La la la la la la

She sings these words to me

She sings these words to me

Baby

And I don't mind the waiting

When she sings these words to me

I see the light in your window

Look at the sky and we can go

Look at the sky and we can go

Away

She says these words

La la la la la la

She says these words

Come away with me tonight

She says these words

La la la la la la

She says these words

Come away with me tonight

Get up! Get up! Get up!

And I'm gonna

Pick you up and take you where I wanna

Get up! Get up! Get up! (Yeah!)

Get up! Get up! Get up!

And I'm gonna

Pick you up and take you where I wanna

Get up! Get up! Get up!

(When she sings these words to me)

(Fading) La la la la la la

Come on away with me tonight

La la la la la la
