Would you like to come
With me to the edge again
We can walk along the boundaries
Care about it less and less
Until we all get out alive
I truly believe that we're destined to die

You
You're like crashing emotions
Battling it out

Can you follow me
Through the brink and out
We won't ever be effected
By their dirty hands again
Until I see something good happen
I don't know if it ever will

You
You're like crashing emotions
Battling it out
Life or death comes into play

Not entirely sure
Why
Should we just wait for something more
Or engage in ritual
Blissfully unaware
Amidst all this confusion
Was there ever a way?

You
You're like crashing emotions
Battling it out
Life or death comes into play

I've seen it happen too many times now
I've seen it happen way too many times
I've seen it happen too many times now
I've seen it happen way too many times
