So here's your eye opening experience  
Take it as you will  
Deny your dieties and all your misconceptions  
You know you have a lot of them  
Test the waters tread the words and  
Place your markers  
Set aside any concept of reality

Welcome to madness  
Welcome to madness  
Welcome to madness  
Welcome to madness

Breathless senseless feeling so sedated  
Numb and empathogenic  
Succumbing to the world around you  
Wake up and feel so  
Feel so  
Alive  
Mad and alive  
Mad and alive  
Feel so alive
