Dichotomy lobotomy  
Cut my life in half  
Spent my days in vain  
Tying frayed ends

If there was no desire to be  
Wouldn't I have gone away by now  
These tedious conversations  
Get everything in a conundrum

Maybe it's because of loss  
Maybe it was all the skepticism  
Don't have much good will to share  
With all of these scars I bear  
Be apathetic  
Sympathy for who  
Not for me  
And not for you

Where were all my goals  
What happened to them  
Tongue tied and sly  
Slipped right on by

If there was no desire to be  
Wouldn't I have gone away by now  
These tedious conversations  
Get everything in a conundrum

Maybe it's because of loss  
Maybe it was all the skepticism  
Don't have much good will to share  
With all of these scars I bear  
Be apathetic  
Sympathy for who  
Not for me  
And not for you

I'm still keeping blind faith  
One day things will be different  
I'm still giving my blood

Just to keep things in control  
Shut the door to the way out again

Maybe it's because of loss  
Maybe it was all the skepticism  
Don't have much good will to share  
With all of these scars I bear  
Be apathetic  
Sympathy for who  
Not for me  
And not for you

If there was no desire to be  
Wouldn't I have gone away by now  
These tedious conversations  
Get everything in a conundrum
