Of Flight & Failure - Attempt Number One

One thousand tries,
I never thought I'd fly.
One thousand tries,
I never thought I'd fly.
Beaten and broken down they said I'd never leave
ground.
I can't believe,
Can anybody?
Should I pause and tell somebody?
No one would believe it,
I should keep it a secret.
No one will ever know who I am,
I'm on my own.
I'm taking flight I think I might just fly away from here.
I'm gaining speed and feel like nothing now can stop
me (Where can I go)
I'm finding strength that I have never felt before,
this light inside of me it shines so brightly.
My only fear is that it's more than I can handle.
I see the light it blinds me,
across the sky it guides me so far from home but I
have never felt so close.
We've come along way from day dreaming,
sometimes I still feel fast asleep and maybe I was
dreaming all along.
I've come along way from day dreaming.
I will save humanity.
I will be the one they need,
BELIEVE IN ME!
I'm taking flight I think I might just fly away from here.
I'm gaining speed and feel like nothing now can stop
me (Where can I go)
I'm finding strength that I have never felt before,
this light inside of me it shines so brightly.
My only fear is that it's more than I can handle.
Try now to get back up and fight.
Hold on to all you have inside.
Look up, my strength comes from the sky.
Help me! Cause I don't wanna die.

Stop me! I'm falling from the sky.
Save me! And teach me how to fly.
BELIEVE IN ME!
