Entering the harlot's house
He can not resist temptation
Seance of bodily excitement
(Not knowing his forthcoming emasculation)

As he pisses in her mouth
Perverted orgy of pathology
Preparing the tools of the trade
For a lesson in visceral surgery

Peel the skin from his pelvis
Rejectamenta & urine spouting out
Renal juices splash on the floor
Sance of bloodshreds to adore

Frenzied she fritters his butt
Cut the skin - sinew appears
Gluttonous eat the villous mush
Soup of splanchnic-shreds starts to gush

Sopping and plenary satisfied
She stiches up the opened wounds
Hanging the body on a meathook
One more pale body to cook

Three weeks later he got fuggy
She embelished the rotting body
Inject his cock into her quim
Before consuming the putrid dick

Obsessed by orgasmic emotions
His whole organs smirched with shit

Minced entrails to swallow
Another wooer soon to meet...
