No weight on my back
Well on my way I go down To the river
I'm getting my joy back
I'm taking my mind To the river
It's a passing phase love is achievable
You only have to go down the river

Fall onto your knees and pray
When your feelings are closed
Then you'll learn you got it all
You're holdin' it close
Well, you got this love

Solitude you know me well
saw me when I lost my grip on this
when I've been broken hearted
Solitude without you I,
Would've Fallen, would've tripped on this
Now it seems, I've restarted
Through you, I know me better
With you dear solitude I go to the water

You linger, you stick to my skin
I fail to, can't Wash you away with the water
Cause you still got it, be what you are then
Find someplace else I'll be at the river

Fall onto your knees and pray
When your feelings are closed
Then you'll learn you got it all
You're holdin' it close
you still got this love

Though I bear these ugly scars
Couldn't stay in disgrace
Nor can I stay in this place
This is bound to be replaced
And once I get it right
I'm never coming back
Down the river
