They all think it's alright  
That your fight is over  
But there's a wound in your soul  
No scar could cover

And you hold on to your past  
You got no grasp on today  
You just hold on to your child  
Your only reason to stay

You struggle every day  
Lost the sense of hope  
You wander in your head  
And I'm lost for words

Struggle every day  
Nobody knows  
Nobody gets  
You fall to pieces inside  
Fighting everyday  
Fightin for a life.....

You're the strongest man  
I've ever known  
But I can't reach the one  
Who I fell in love with

Torment took your flame away  
And stole our glow  
Shade has filled your everyday  
Even though

You're bound to heal  
And outgrow  
What hit you where you lived  
You're stakes have changed  
But you're the King  
Who'll conquer fate in spades

Climb up the hill  
when everything

Everything goes down

Let love reign  
And you will find  
Your way out of this maze
