HOOK:

WooWooWooWooWoo

Fiends they don't give a uh

[Marie Antoinette]

And Flex couldn't save you even if he dropped a bomb in this

You still gon be found in a ditch

My name should be Robin Banks the way I be robbin banks

I'm a fiend for the S-500 I want it

Used to stay high and blunted, but all that had to stop

Chick like me be chasin after cops

And they don't stop at my block after the Diallo shootin

Soldiers in waitin, marksmen recruitin

Salutin, thug confederates, rhyme and reason

Time and treatin, Air Force One we leavin

Panama red, holdin 52 hands for ransom

My man Johnny Handsome, itchin to cancel 'em

I'm like hold up, wait a minute, let's get down to buisness

We could shoot up everything soon as the deal is finished

Blah, blah, I got two hours to kill

We want like 5 mil in a private jet so peel

[Supreme C]

Supreme C been after mean figures, ask my lil nigga

Since back in the days, before he was raised

Aint nobody puttin fear in my heart, who need a

jumpstart

My art sharp, shoot your posse apart  
Nigga take you on one by one, gun by gun  
Son by son, done by done  
Whoever come murder fest, one of the best  
I'm gettin assets, collect ass bets, squat by your  
address  
I come to kick it wit you, walk beans stickin wit you  
Why try to hide from accomplice vibe  
Yo we break bread, break heads, my people shake  
feds  
Gamble and scramble, F what your man do  
It's all about this husltin game, muscle and fame  
Tussels in rain, take aim, blush you with game  
My language is unexplainable, switch, changeable  
And I stay remaindable, with bigger guns aimed at you

HOOK

[Hope]

I run up in Da Cypha heavily armed with endless bars of  
metaphoric harm  
A python with poisonous charm, extending my arm  
Pushing figures way to the back  
Out of your reach, excessive like Fatal Attract  
Freeze, a renegade bar stroke, an ace of spades  
I'll kiss you wit a blade when I think I'm gettin played  
Made woman, you never in bed with the same woman  
You say you want it, you don't wanna see the omen  
When my sixth sense start flowin I bless like holy water  
I don't wanna die cuz I'm my daddy's only daughter  
But yo, sometimes I see the writin on the wall  
You know the ghetto testaments, the shootouts, the  
brawls  
Close frames in the hall, will you stand or will you fall  
Your whole click is on the run now would you tell it all  
About the night shifters, me, I'ma cypher drifter  
My sixteen bars is up so peace to the mixes

HOOK 2X

[Wyclef]

October 31st I was standing by the sour  
These thugs don't wanna talk they want these Pumas I  
just bought  
Fresh outta school, picked on cuz I'm bilingual  
I barely spoke English but the gun language was  
universal  
Ran in the grocery store, spoke to Gabriel  
He said, you have problems, here's a feezy from Israel  
Ran back outside, just before I could say... another  
homicide

Threw the biscuit in the bushes runnin like Jesse Owens  
Police showed up, but I was nowhere in existence  
Back in the crib thinkin bout what I just did  
I'ma police of defense but I'm bound to catch this bid  
My hypothesis was right, they knocked the door, homie  
Like a super in the projects wantin rent money  
Just when I thought I get my life straight in the states  
Is when I found myself climbin down the fire escape  
Bodies found in Virginia under the dumpsters, no  
18 shell cases in front of the grocery sto'  
Flee the scene of the crime before y'all kick the door  
No your honor that must be some old rhyme that I  
wrote  
And lyrics sometime man they misinterpretate it  
For example when I say gun I mean my pen and paper  
And everytime I wave and spit the crowd jump  
Cuz I'm still Digital Underground like "humpty hump"  
Feel the funk comin through your elephant trunks  
I aint even \*Kris Kross\* my clothes yet  
And yet y'all wanna "Jump, Jump" in Da Cypha, "Jump,  
Jump"  
You in Da Cypha

HOOK
