She is the prettiest girl I've met  
So you'll understand right now  
Why I'm so deeply in love

She showing me her sweet smile  
Comes to me when I feel sad  
And always mends my heart

She's the one I rely on  
She means everything to me  
That's the reason why my love will never end

All the nights I dreamt of her  
And all the promises I made  
Have just made me realise what love is

Now it's four years since I met her  
But my love grows on and on  
That's why I am so glad

I hope she's always by my side  
'Cause she's everything I need  
The real love I'd die for

I would like to tell the world  
All the feelings that I feel  
There is nothing I can do that can't be done

And if one day we are apart  
There's one thing that I would do  
That's thinking of her, no doubt, time after time

(solo)

She's the one I rely on  
She means everything to me  
That's the reason why my love will never end

All the nights I dreamt of her  
And all the promises I made  
Have just made me realise what love is
