"The Way You Smile"

After one month you've come back to me
You can't imagine what I feel
It's like magic that's surrounding me
It's a feeling that I can't describe (with words)

I've realised during all this time
You are the one I love so much
All the happiness I've got inside
All the excitement when I see you says:

I never thought I'd be as glad as I am now
If that's a dream please do not wake me up, no

The way you express yourself with me
The way you smile when you look at me
Tells me that you feel the same I do
It's a clue that shows the way to take

I count the days when we are apart
'Cause I can't help thinking of you
It is something that I can't control
It's the strongest feeling I've ever had

If only I could tell you all the things that (I keep deeply
inside)
If only you opened the door to your heart, yes, to let
me, let me in

(solo)

I'd like to tell the world that you're the one who (makes
me laugh so much)
The only one that really understand the way I feel, you
know
