Hey, hey, what's going on ?
I thought our love would last forever more
Hey, hey, what should I do ?
I gave you the best years of my life

Could someone explain what happened to you ?
I'd like to be yours for the rest of my life
Don't worry about me I'll change from now on
I'll take care of you there's no need to be afraid

Hey, hey, our love was true
There's no way I can find out what caused our break up
I wanna die you hurt me so much
The tears that I shed cannot stop my being down

You should understand you mean all to me
I don't wanna lose the big love of my life
Because there's no one who compares to you
You're driving me crazy I feel so alone

(solo)

Could someone explain what happened to you ?
I'd like to be yours for the rest of my life
Don't worry about me I'll change from now on
I'll take care of you there's no need to be afraid

Hey, hey, what's going on ?
I thought our love would last forever more
Hey, hey, what should I do ?
I gave you the best years of my life
I see I was wrong when I relied on you

I see I was wrong when I relied on you
